### PLANS FOR SPRING BASEBALL COMPLETE

#### FIRST SUMMER SCHOOL AT M. B. A. INAUGURATED FOR SUMMER TERM

This year, for those boys who fail this year's courses or who wish to make up work in advance, there will be incorporated after graduation a summer school. It will begin on June 11, seven days after graduation, and last to July 26, leaving over a month for vacation. Students will attend six days a week.

The periods will each last an hour, beginning at nine o'clock and lasting anywhere from one to three hours, depending upon the number of subjects a pupil is taking.

If a boy has failed in his work during the regular school year, he may make up as many as three half credits. This means that a boy can make up one semester's work in three subjects.

If a boy wants to make up credits in advance he may make one whole credit. However, in certain cases where the conditions are exceptional a student may be allowed to make up a whole credit and a half credit.

Classes will be conducted on a semester basis with each class taking up the work of one semester in a regular school year.

Classes will be conducted in English, History, Mathematics and Languages. Science classes will not be held because insufficient time is available to have the laboratory work which is necessary for a science credit.

The classes will be conducted by regular teachers. Mr. Cornwell will teach English, Mr. Younger will have the History classes, and Mr. Rule will teach Mathematics. It is undecided whether or not Mr. Herndon will handle the languages classes, but if he does not they will be taken over by Mrs. Peery.

#### Debate Team Formed At Montgomery Bell

This year at Montgomery Bell there has been formed a debating team composed of the following boys: Ernest Mathews, Bob Lowe, Billy Edwards, David McQuaid, and John Griscom. It plans to debate against other schools in Middle Tennessee as a regular school activity.

Although the date hasn't been set yet in the near future the first debate will be against the affirmative team.

Composing the affirmative team will be Ernest Mathews and Bob Lowe, with John Griscom as alternate speaker. The negative will be David McQuaid and Billy Edwards. M.B.A.'s affirmative will debate against their negative and the negative against their affirmative.

The team is being coached by Mr. Sager, and Mr. Campbell to a lesser extent. So far Mr. Sager has helped the boys alone, but Mrs. Campbell is to help them with their delivery.

#### Question of Shells Finally Answered

The question of the month at M.B.A. has been: "What are those shells behind the gym for?" The whole school has been in an uproar about where they came from and what they are to be used for.

The great question, Ruth Campbell, has made a chemical analysis of them but to no avail.

To answer everyone's questions the shells are not shells. They are merely pointed iron pipes which are going to be mounted in cement around the parking lot.

#### Mr. John T. Younger, History Teacher for Past Two Years Is Outstanding Member of M. B. A. Faculty

A comparatively new member of our faculty, Mr. John Travis Younger has been with us for only two years. In that short time, however, Mr. Younger has carved himself a permanent niche here at M.B.A. There has sprung up between the boys of the Academy and their History teacher a feeling of good-fellowship which is hard to beat. He is the genuine friend of every boy in the school, and seems to really get a big kick out of knowing the boys.

A native of Carroll County, in West Tennessee, Mr. Younger spent his boyhood there, up until the time he enrolled at Bethel College at McKenzie, Tennessee. Mr. Younger graduated from Bethel, which was only the beginning of his pursuit of higher education. His next location was at Drury College, located in Springfield, Missouri, where he graduated with a Bachelor of Arts degree. Next he came to Vanderbilt University, and said he was captivated by Nashville. After completing the work for his Master of Arts degree, the learned young man moved on to the University of Chicago, where he absorbed even more knowledge. At all these colleges, his major course of study

was Sociology, with the exception of his work at Vanderbilt where, in connection with his work on his M. A. degree, he also obtained a B. D. degree.

After the completion of his very extensive education, Mr. Younger returned to Missouri, first to the town of Marionville, and then to Aurora, where he taught in high schools. After seven years in Missouri, he returned to Bethel College, his first Alma Mater, where he taught Social Studies for several years.

In addition to his duties as a school-teacher in these towns, Mr. Younger also found time to act in the capacity of minister for a local Presbyterian church.

For the past fifteen years, Mr. Younger and his family have resided in Nashville, where he has been minister of the Cleveland Street Presbyterian Church. For many years, his church work took up the major part of his time, but now he somehow has found time to devote a great part of the day to teaching us here at M.B.A.

Well-educated, and well-read on all subjects, Mr. Younger enriches his History lectures with present-day illustrations, and occasionally a very humorous anecdote, drawn from his copious fund.

#### Promising Prospects For First Baseball Team At Montgomery Bell Academy In 15 Years

#### GRADE DEPARTMENT SETS FINE EXAMPLE IN RED CROSS DRIVE

#### Special Privileges For Some Students

The first and second forms, under the capable leadership of Mrs. Warren, Mrs. Dixon, and Miss Thompson, have again proved their ability to come through during the Red Cross Drive. The one hundred and seventy-four dollars collected will be used for a Red Cross lounge for the Berry Field flyers. In addition the grade school made frequent trips to the grocery store and ties complete with shamrock inscriptions and collected over one hundred books for Thayer Hospital.

The first and second forms have set a fine example for the entire school due to the tireless efforts of the teachers and students.

#### Interesting Debate In Literary Society

The debate question, "Should the United States Adopt a Civilian Conservation Force?" was undoubtedly one of the liveliest questions brought up this year. The outcome was divided; in the first and second forms the negative won, the negative won in the third and fourth forms, and the affirmative

The best debators were: first and second forms, T. Breakfield; third form, F. Smith; fourth form, T. Dickey; fifth form, George Ruth; sixth form, Nelson Anderson.

Comes the Spring and a young man's fancy turns to thought of baseball, but not lightly at M.B.A. The sport focus of the entire school body has quickly shifted from the basketball floor to the baseball diamond. Proof of this is the enthusiastic attachment to the "re-chapel" class" each morning and the multitude that participates in the national pastime at each gym period.

The last baseball team to represent M.B.A. played the 1930 season and emerged as city champion. The 1945 team has high hopes of duplicating the record established for the school fifteen years ago. With Coach Allen at the helm, ably assisted by Mr. Hackney, the M.B.A. nine should be hard to beat. It is interesting to note that Coach Allen, then a student at the academy, guided the 1930 team to the trophy.

While baseball was in eclipse at M.B.A. Coach Allen was one of its shining lights in other orbits. As player-manager he grabbed off the city championship last summer for the Nashville Bridge Company baseball.

Spring baseball practice is just around the corner. Due to the popularity of this century-old sport there will be practically a unanimous turn-out of keen competitors for the offing for a number of first-string berths. M.B.A. boasts many boys who wield a "wicked willow" but it is generally conceded that Coach Allen and Mr. Hackney can out-slug the best of them.

In looking over the prospects for the coming season the picture seems unusually bright. Some of the most promising performers coming out of the team are Al Whitson, Joe White, Jack White, Buddy Hewitt, Nelson Andrews, Pete Robinson, Hardy Lavender and Dan Tate. In spite of the fine array of players on hand only two of the great have had previous experience in baseball. Buddy Hewitt played last year with the Junior League and Jack Whiteaker lays claim to a good bit of sand lot baseball.

Intercollegiate baseball is comparatively new in Nashville and for that reason the picking of tournament favorites is largely a

(Continued on Page 3.)

#### Picnic Planned This Spring For Seniors

It is an annual affair at Montgomery Bell in the Spring of each year for the seniors and Juniors class to treat the Seniors to a picnic. Each year as warm weather rolls around plans are formulated, and this year is no exception.

The Juniors each pay fifty cents to help defray the cost of buying the food and beverages. However, only the seniors are allowed to partake. The Juniors merely go along for the ride.

The picnic is held at Edwin Warner Park on one of the picnic grounds. It is a regular holiday, everyone leaving school about ten o'clock in the morning. It lasts all day, usually breaking up around six o'clock. Everyone spends his time just eating, lying around, and playing games.

Everyone is looking forward to this year's picnic, and everyone is sure to have a good time. It will always be a pleasure to look back upon, as can be witnessed by Seniors of other years.

## BACK YOUR NEWSPAPER

Since the first issue of the newspaper when I asked for the aid of the student body in making the *Bell Ringer* a success, only seven boys have contributed any material whatsoever to the editors. Four of this seven, Edward McManus, John Donnelly, Bobby Brown, and Boots Lewis, have become additional members of the original staff. Edward and John have done excellent jobs in the sports department. In this department, too, as well as in the news department, Bobby Brown has helped greatly. "Boots" with his *Loorie's Hangovers* has done a wonderful job in feature work. The other three boys, Bill Wade, Nardy Elam, and Jesse Ford, have also contributed to the success of the paper. To these seven boys we owe a great deal of appreciation. These seven have shown the interest that should be shown by every member of the student body in his school newspaper. These seven have been the only persons in the school, other than the original staff, who have done anything more than read the paper.

Probably most of you have heard the old fable about the hen who wanted to bake some bread. As the fable goes, this hen asked everybody to help her make the bread but nobody seemed to have time to roll dough or handle an oven. So the old hen went ahead and made the dough and baked the bread. However, when it came time to eat the bread, everybody from Brer Fox on down was on hand for the feast.

There seem to be some 200 odd Brer Foxes at M. B. A. who are very willing to read the *Bell Ringer* and only about 25 poor old hens who take the trouble to put it out. A few more hens and a lot less foxes would make a very much better M. B. A. barnyard.

Now as that fable turns out, the hen *lows* that she will eat all the bread herself and not let Brer Fox have any. We have no such intentions in regard to this paper, but we do want to stress the importance and the need of your help. Two hundred and twenty-five hens could bake far better bread than 25, and the 225 hens might find that baking bread is a lot of fun. We can improve this paper to a great degree. With the support of you students, we shall do just that.

## Common Horse Sense

This article, essay, or what have you, may have no business being in an editorial column such as the one in this paper. That I don't know. I do know that it contains a lot of good horse sense that it would do us all well to think about, so here it is:

## He Died Climbing

by Edward McManus

On a small barren plateau on the side of one of the large snow-capped mountains of Switzerland, there lies a lonely grave surrounded by small stones gathered there on the mountain side.

On one of the stones which is placed at the head of the grave, there is carved very roughly these three words: "He died climbing."

He died climbing. What does this mean? It means that he died trying to conquer that mountain, trying to get to the top. He did not succeed. He did not get to the top. But he tried.

To gain success in the world you must work and strive to get to the top. With this aim as a goal, everyone would try harder to attain for themselves a position in the world.

Why can't we here at Montgomery Bell Academy set this as our goal and try to get to the top? With just a little bit more work and just a little bit more studying, we will better fit ourselves for the long, hard journey to that goal. We might set out to get to the top but never make it. This does not mean failure because if we do our best, it is all that can be expected of us. Our best is always just a little bit better than what we are doing now. When you look at it in this way, you will find that it is much easier to succeed.

Let's climb to the top. Let's get to that goal. Let's make for ourselves a position in the world of which we might be proud.

## WARNER DRUG COMPANY

## HE TAKES IT IN HIS STRIDE

## Hoots from the Owl's Nest

It seems that everybody around school nowadays has spring fever. The one exception is Mrs. Bitzer, who rattles merrily along, Spring or no Spring. The daily routine is only broken by an occasional visit to the school's "baseball" this is proven by the two windows already broken. The only other distraction to the average student with spring fever is Flash McCown, followed by "Gimme-fifty-cents" Burns.

One of the popular fads of giving students to the "little wings" seems to have died. Herbert Fox. He now joins the ranks of Tom "Teddy-bear" Proctor, Brownlee "Honey-bunny" Currey, and Tom "Oh-you-bull-dog" Bruegh.

## "MAROON HIGHLIGHTS"

by Ernest Matthews

One of the most sports-minded boys at M.B.A. is the sophomore Nardy Elam. The letter below is one which Nardy wrote and he asked me to print it. It concerns the athletic program of Montgomery Bell.

"M.B.A. has one of the best athletic programs of any school in the state of Nashville. In the fall M.B.A. devotes their time strictly to football and their teams are usually on the winning side. M.B.A. always has a basketball team that rates with the best four or five teams in the city. This year M.B.A. goes to the semi-finals of the Eighth District Tournament and would have probably done better if it weren't for two of their star players being ill all week and weren't able to play a whole game. Spring always has the best M.B.A. busy with spring football, golf, tennis, and this year baseball. Coaches of the teams are Mr. Allen, head coach, and Mr. Hackman, assistant and B team coach, in football. Mr. Hale will coach the tennis team. Mr. Sauer the B team of team; and again Mr. Allen and Mr. Hackman baseball. M.B.A. has a wonderful program all year, as you can see, but one sport is still missing. Mr. B.A. could put on a wonderful track team with such runners as Andrews, Bailey, Whitaker, and Mathews; such strong armed men as Lackey, Card, and Atkinson, who could all throw the shot put, discus, and javelin. The boys at LeMoyne, McCollough, Andrews, Whitaker, Bailey for high jumping, and boys like Robinson and Whiteaker for the pole vaulting. I am sure that all the boys interested would help the school make a success of it. How about it everybody?"

The golf team is expected to start practice as soon as the weather permits. Back from last year's "tee-team" are Charley Robinson, Buddy Hewitt, and Edward McManus.

\* \* \*

**ELIGIBILITY**  
A number of boys who could be outstanding athletes at M.B.A. are ineligible because they are failing their work in school. Fellows, the school's athletic program depends on YOU, so let's try to bring up those grades.

\* \* \*

The materials for our new tennis courts are on the way and for the past few days Mr. Sager has been letting the boys pay off time by working on the courts. Some boys who are not working in school in order that the time when they receive in the future will not be canceled. One hour can be paid off by working one period.

Mr. Hackman is available science teacher who will coach baseball this year, is no newcomer to the diamond contest. He played baseball in prep school, college, and also semipro ball for about fifteen years. He was a versatile ball player, playing shortstop, second base, third base, and pitcher.

Coach Hackman started his diamond career at Tupelo Military Institute in Mississippi. At T.M.I. he played ball and roomed with Guy Clegg, the great ex-pitcher of the Chicago Cubs. Prep school he ventured to college and played for Georgetown and Tennessee State Teachers College at Murfreesboro.

When his college days were over, Mr. Hackman played semipro ball. He played for The Franklinville, Ky.; Glasgow, Ky.; Bowling Green, Ky.; Madisonville, Ky.; Candens, Tenn.; Columbia, Tenn.; Pulaski, Tenn.; and with the Model Laundry here in Nashville. On the Model Laundry team he roomed with Bowser Chest, Bull Brown, Bill Schwartz, Johnny Easkey and many others who are still connected with sports.

\* \* \*

**ODD EVENT:**  
Mr. Hackman's first meeting with Coach Allen proved to be very embarrassing (for Mr. Hackman). They were playing against each other at Camden with Mr. Hackman pitching for the home team and Coach playing for Huntington.

## M.B.A. Bows To West In City Tourney After Howard Win

### Spring Practice At MBA Recently Begun

M.B.A. recently began spring practice with the exception of cold weather it is a reminder of football this past fall. Coach Allen expects 34 boys to turn out and from the looks of things M.B.A. should have another "Big Red Express" that can function as good as the past one did.

Coach is relying mainly on the boys from the school's football cooties. From last year's team there are Jimmy Atkinson at fullback, ends Jack Whitaker, Eddie Parks, and Vaden Lackey, tackles Narvel Elam and Joe Card, guards Joe Wadsworth and Bill Rhodes, and Hardy Lavendar at the blocking back post.

Both Pete and Fergsy were members of last year's team.

### Cooties Victorious Over Howard B Team

In the recent tournament the Cooties gave a good account of themselves in the triumph over Howard's "B" team only to be ousted from said tourney in a loss-up frame with the West team. There was a thrill a minute for the spectators in the latter game as they watched the closely guarded Cooties being outscored by the West team's fine accuracy.

Mathews was the highest scorer in this tilt with Martin as runner-up. During the whole season the team displayed fine playing and sportsmanship.

### Summary of Season

The 1945 Basketball season is gone but the many memories of the season still linger in our minds. Looking over the records we find that the cage quint won a total of 16 games while dropping 6 for a percentage of .727. This record is very good in the consideration that the team played undoubtedly a harder schedule than any other team in the league.

Of the six games that the team lost, four were by very close scores. Of the 16 wins 6 were against the best teams in the league.

The team was under a great deal of pressure most of the season by virtue of their difficult schedule.

Coming short duo of Pete Robinson and Billy Ferguson who were chosen on the all-Nashville combine furnished most of the scoring punch of the team. These two really blazed the hoops in every game.

The Maroons proved their might on the home floor losing only one settee here and this a close affair to North. North too was the only team in the circuit that successfully repelled the M.B.A. quint in more than one game.

The team did not get off to a poor start losing their first two to Peabody but gained momentum as the holiday season was left behind. They rolled over Howard, Hume Foggs, Hillsboro, East, Central, and Lipscomb before finally falling to the potent Blue Jays of West High. After conquering Hume Foggs in the return contest the Maroons again fell behind by the way, this time in an upset defeat at the hands of Howard. The North, Yule, repeated this act a week later after the home team had routed Central.

Winding up the season with a terrific schedule the Big Red waded through Lipscomb, Peabody, East, Central, Springfield, and Hillsboro before wrapping the season in finals to Ryan and North. The West triumph marked the first cage victory that the Harding Road lads have garnered at the expense of West High School. The Hillsboro game was the most thrilling of the year as the Maroons pulled an overtime win from their close rivals.

The Springfield rout was, like the West, the first triumph in a cage contest from this school.

3

Having split the season games with West, M.B.A. met West in the semi-finals of the district tournament and lost a hard fought match.

At the outset of the tussle the Maroons went ahead 6 to 2 with Billy Ferguson paving the way; things looked as though M.B.A. was going to topple the defending champion. But the tide began to turn and the Maroons seemed to be losing the pep which they showed in the beginning. By half-time West had come from behind and possessed an eight-point lead.

In the third quarter the Blue Jays got hot and increased their lead to twelve points with Billy Joe Adcock and Harold Wilt accounting for most of the points.

At the beginning of the fourth quarter the Maroons began to show signs of a remarkable comeback but this didn't go very far on account of a few bad passes which were due to the tiredness of the players, so the last quarter was about even with the final score 32 to 47 in favor of West.

The formidable M.B.A. Maroons leaped a tough obstacle in the Eighth District Tournament by virtue of a clear-cut victory over the Howard Rebels by the score of 27 to 11. The Maroons and Rebels had crushed a highly touted somebody combine the night before and things were looking none too bright for the Maroons.

M.B.A. quickly dispersed all thoughts of an upset as Whiteaker and Ferguson put the Maroons ahead 10-6 at the end of the first foray.

In the second session a terrific defensive battle was waged and both team garnered only four points. Halftime score: M.B.A. 14, Howard 16.

Howard came back strongly in the third frame and they deadlocked the figures at 17-all. Charley Robinson registered two points on a follow-up shot and the Maroons maintained their slim lead as the quarter ended. In the last chapter Howard tried desperately to overcome the Maroon margin but the Big Red could not be denied and they finished in a bitter tie to end the contest.

Neither team was on top, especially the Red and White tribe. Whiteaker and Ferguson threw in 7 and 8 respectively. But Ferguson's cuties didn't end there for he held the high scoring Howard ace, Elmer Shire, to eight markers, which was tops for the South Nashville aggregation.

Pos.—M.B.A. (27) Howard (22)  
F—Andrews (4) Shirell (8)  
F—Whiteaker (7) Tankerlay (2)  
C—Robinson (5) Sykes (3)  
G—Ferguson (8) Payne (4)  
G—Hewitt (3) Ray (5)  
Subs: Howard—Boaz (5).

### Wade's Team Victors In Cage Intramurals

Bill Wade's smooth-working combine punched out a hard-won 22-19 victory over Bob Pat French's team in the finals of the Sophomore-Freshman intramural basketball tournament.

In the first game French and John Griscom gave French's team a one-point edge and in the second chapter they increased their lead, ending the half: French 14, Wade 11.

During the third quarter the Wade aggregation played brilliant defensive ball and forged ahead by virtue of the sharp-shooting of Wade, Hooker and Bearden. As the curtain rose on the final frame French's team kept up the terrific pace and the slowly-ebbing French team made a gallant effort to save the game, but it was too late to turn the tide.

Captain Wade was high-point man for his team with 8 markers, followed by Hooker and Bearden, seven.

Griscom and French shared scoring honors for the French combine with six markers each.

Pos.—Wade (22) French (19)  
F—Wade (8) Templeton (1)  
F—Bearden, R. (4) Gates (2)  
F—Hooker (7) Kell (2)  
G—Hester (3) French (6)  
G—Walker (6) Griscom (6)  
Subs: Wade—Perkins, French—McQuiddy (2).

### PROMISING PROSPECT

(Continued from Page 1.)

guesse game. Duncan is the only local school that has placed much emphasis on baseball in recent years. This is a cause given them a distinct advantage in experience and training.

Let us hope that the entire student body, faculty members, parents and friends of the school will attend and gainfully support the BIG RED team to the utmost.

The schedule will be found on the sports page.

The complete schedule, which includes 12 games ranging from April 13 to May 25 follows. Any additional games or changes will be printed in future issues of the Bell Ringer.

APRIL—  
Friday 13—Littton  
Tuesday 17—Duncan

## Personality of Month

Robert T. Doster, better known as Bob, or just plain Doddy, is this month's personality. Doddy is in his second year at M.B.A., having come to the Academy from Hillsboro in his Junior year.

Scholastically, Bob is among the foremost of the school. A member of the Senior Honor Society, he also holds the office of Treasurer in that select group. He is most proficient in Science and Math, his one weak point being English. This is only in poetry, however, his dexterity being ably displayed by his handling the news articles of this paper.

Athletically, Doddy is adept at almost any sport. He was the hard hit player in football, and came out most of the year with a broken shoulder and then a badly sprained ankle. Perhaps the best thing that could be said of his football playing was that he never stopped trying.

To be a surgeon, and a good one, is Bob's ambition. He plans to go to the Vanderbilt Medical school this fall.

Doddy's favorite comic character is not Bugs Bunny, but Batman. His favorite subject is Physics. His worst subject is Senior English. His favorite food is steak. His pastime: Squeaky. His favorite expression is "I ain't got none."

Mr. and Mrs. Robert T. Doster have just reason to be proud of Bob Jr. who has certainly made a name for himself at M.B.A.

## Orations Given By Speaking Classes

As a requirement of the public-speaking class in order to receive a credit each member, at one time or another, must give a declamation before the entire student body. Last Friday, and again this week, ten of the members delivered their orations for this year. Those speaking last Friday were:

Bill Wade—"Battles of Peace"

Bobby Brown—"Holy Grail"

Fred Meiers—"My Country 'Tis of Thee"

Billy Edwards—"Soul of France"

Adjudged as the best speaker was Billy Edwards, while Bobby Brown was runner-up.

Those members to speak this week are: Bobby Zanone, Bobby Martin, Bobby Derryberry, Derryberry, and Sam Walker.

The speakers judged as best shall be permitted to speak against certain other boys, already selected by Mr. Sager, for the coveted declamation medal at the end of the school year.

The public-speaking class is under the direction of Mrs. Campbell, who also sponsors the literary societies of the various classes.

Any boys who wish to purchase baseball shoes will find that the supply is limited. A similar shortage is holding true on gloves and balls. Due to the war, equipment of this kind is made only for the armed forces.

Chemistry teacher: "What is the formula for water?"  
Student: "H<sub>2</sub>O."  
Teacher: "And what is the formula for sea water?"  
Student: "H<sub>2</sub>O."

\* \* \*

A man stopped to talk to a little girl who was making mud pies on the sidewalk.

"My mud," he exclaimed, "you're pretty dirty, aren't you?"  
"Yes," she answered, "but I'm prettier clean."

\* \* \*

Note from teacher on Betty's report card: "Good worker, but talks too much."

Note from father, over signature on back of card: "Come up sometime and meet her mother."

\* \* \*

A patient recovering from pneumonia asked for shells for food. Finally the nurse served him a mere spoonful of rice.

A few minutes later he called the nurse and said: "Now I want to read a little. Bring me a postage stamp."

\* \* \*

Patient: "This math is a cinch for me. I finished these problems in ten minutes and thought nothing of it."

Teacher: "After looking them over, I don't think much of it either."

\* \* \*

"Why do you think his book is a success?"  
"Because people who haven't read it are beginning to say they have."

## THE FIRST ADVENTURE OF THE M.B.A.YAN

(Continued from Page 1) senior strollers nil. He thought too of the Chemistry and Math which had torn the ranks of the Juniors asunder. "The sophomores and Freshmen were too much for us," he concluded miserably.

The Moth thought of the pleasant diversions of third period study hall, of the peppy gossip and frequent interruptions by Fess Herrbach to give time, and he longed to be there. He longed to be with his friends, the all too pleased with the Fess to get a drink of water, and to read Goldbrick's funny books.

But no, the fate of a stroller was his. He could only sigh wistfully in the remembrance. But then the light dawned! The M.B.A.Yan's fate lit up. With a funny gleam both to right and left the Moth mounted the shed. He crept stealthily to the edge and peered into the study hall. The moment was come. Fess was busy retrieving his grammar from the pines. The M.B.A.Yan quickly maneuvered through the window and in the twinkling of an eye had found a seat. But not fast enough for in the next instant Fess Herrbach's voice shrieked out with a fury that all but sent the Moth flying.

"Fess!" the Moth began and the battle was on; the M.B.A.Yan was in his true glow.

Any old athletic equipment may be disposed of at the coming White Elephant Sale.

All baseball games will be played in the afternoons.

by Bob Lowe, Jr.

Sidney McAllister was home last week-end. He expects to see foreign soil before the month of April is past.

Alfred Adams has been playing with the Dots. The State Intramural basketball team but he had to take time out this week to go up to Fort Knox to get another check-up for his West Point appointment.

Matt Dobson, Ensign, U. S. Navy, is with an amphibious group waiting to sail soon for foreign duty.

Bill Oliver, Lt. (j.g.) is now stationed in Washington, D. C., at the Naval Medical Center and his brother, Oren Oliver, a First Class Petty Officer, is at Norfolk, Va., in the Aviation Metalsmith School.

Lee Campbell is home after having served Uncle Sam well. He was in three invasions and wounded as many times. Last week M.B.A. was mighty glad to welcome a friend Lee and we hope he will come often to see us.

Bobby Chilton, in the V12 at the University of North Carolina, has not been getting home very often these days, but he was fortunate last week to be home for a visit with his mother and Barbara Haggard.

Jimmy Manier, also in V12, is stationed at Salt Lake City, Utah.

When he is not away from his arduous duties he is availing himself of the chance to see the sights in that section of the West. —He is fortunate to have his car with him.

Charlie McCabe, U. S. Army, is stationed at Salt Lake City, Utah. When he is not away from his arduous duties he is availing himself of the chance to see the sights in that section of the West. —He is fortunate to have his car with him.

Billie Wemyss, now in France, writes that the snow is waist deep in certain sections.

Mackie Whitman, a paratrooper, has recently sailed for overseas duty.

Bobby Warner was one of three boys chosen from his outfit, to study for a year the Japanese language at the University of Pennsylvania. Bobby is another of our alums of whom we have a right to be most proud.
